1.3 Additional information

- a) For the purposes of the present fee list, bonds issued by a credit institution or one of its **"Affiliates"** and which are based on an underlying single or basket of security(ies), stock(s), commodity(ies) or other financial instrument(s) shall be considered as **"Structured Investment Products"** as defined in point 5 of this fee list and shall therefore be subject to the fees as stated under point 5.
- b) First listing fees apply when an issuer has no security, instrument or product listed on LuxSE at the time the issuer requests the admission of the relevant security(ies), instrument(s) or product(s). The first listing maintenance fee is calculated on the basis of the security with the higher issued amount and term.
- c) In the event an admission involves several issuers, the approval and listing fees are charged per issuer (with a maximum of 5 issuers). This rule does not apply for supplements.
- d) The maintenance fee is an annual fee applicable to each ISIN code. Maintenance fees are to be paid in advance according to the final maturity of the bond.
- e) The maximum term to be taken into account to calculate the maintenance fee is 20 years. Bonds with longer terms and Perpetual Bonds are charged on the basis of a maximum period of 20 years. For bonds issued with an extendible maturity, the maximum term specified in the terms and conditions of the bond is considered with a maximum of 20 years.
- f) Maintenance fees of new tranches fungible with an existing issue already listed on LuxSE are charged in case the total amount issued exceeds the range previously applicable. In this case, only the difference between the maintenance fee of these two ranges is charged.
- g) An approval fee is charged in case a prospectus is approved by LuxSE in compliance with the law of 16 July 2019 on prospectuses for securities, as amended from time to time.
- h) The exchange rates applied to calculate the amount issued in EUR are available upon request.

Short Term Paper

3

"Short Term Paper" refers to instruments (e.g. commercial paper, certificates of deposits) that are issued for a term of less than 1 year.

The issuers of short term paper may choose one of the two following invoicing methods:

3.1 Lump sum pricing

	<i>Number of tranches</i>	<i>Package price</i>
Lump sum fee	20	11,000
	100	45,000
	500	160,000
	<i>Additional tranches (starting from 501st tranche)</i>	10,000 for 40 tranches

- The lump sum fee includes approval and listing fees for the programme and maintenance fees for the tranches.
- The package described above gives the right to list tranches for a maximum period of 1 year, starting from the subscription date.

3.2 Single issue pricing

The fees for Short Term Paper are calculated on the basis of the fees for bonds (refer to point 1).

Collateralised Loan Obligations (CLO)

4

LuxSE has a dedicated fee schedule for Collateralised Loan Obligations (CLO) transactions issued by special purpose vehicles.

To be eligible, CLO's should feature active management (which includes the buying and selling of the underlying leveraged loans) by a CLO manager, who selects the collateral and manages the underlying portfolios. Other securitisations, where new assets may only be added as principal redemptions occur and are not required for noteholder repayment, are not eligible.

"Collateralised Loan Obligations" refers to a securitisation product created to acquire and manage a pool of leveraged loans.

One-off fee to be paid at the moment of listing, of € 6,500 per Vehicle or by compartment, as applicable.

The one-off fee includes the approval, listing and maintenance fee for all securities in the single vehicle or in each compartment.

Structured Investment Products (Structured Notes, Warrants and Certificates)

5

"Structured Investment Products" refers to Structured Notes, Warrants or Certificates based on an underlying single or basket of security(ies), stock(s), commodity(ies) or other financial instrument(s) issued by a given credit institution or one of its Affiliates. For the purposes of this clause:

- "Structured Notes" refers to debt securities that have one or more special features such as an interest payment based on an equity index or a foreign exchange index.
- "Affiliate" refers to any entity that controls, is controlled by or is under common control with the credit institution and excludes any securitisation vehicle that may be directly or indirectly controlled by or affiliated to the credit institution in any manner.

6.3 Additional information

- a) The maintenance fee is an annual fee applicable to each ISIN code. A quotation line refers to a single ISIN code.
- b) The maintenance fee is applicable for the calendar year, which may not be the financial year.
- c) For the avoidance of doubt, after the end of the third financial year, recently established companies will be subject to provisions described in point 4.1 governing the maintenance fees.
- d) The maintenance fee covering the first year of listing is calculated on a pro rata temporis basis. When a security is delisted before the end of the first quarter, the maintenance fee is charged pro rata temporis. When a security is delisted after the end of the first quarter, the maintenance fee is due in full.
- e) An approval fee is charged in case a prospectus is approved by LuxSE in compliance with the law of 16 July 2019 on prospectuses for securities, as amended from time to time.

Terms and conditions

8

The provisions of this section apply to any and all persons or entities requesting the admission to trading of financial instruments on LuxSE and to whom/which LuxSE charges any fees as described in points 1 to 8. These provisions as well as all other elements of the fee list may be amended, supplemented or replaced at any time by LuxSE.

8.1 Invoicing and payment

All fees will be charged in EUR and shall be paid in EUR only. All payments shall be made by bank transfer on LuxSE's bank account:

- **Beneficiary name:** Société de la Bourse de Luxembourg
- **IBAN:** LU76 0019 1000 0984 7000
- **SWIFT / BIC code:** BCEELULL
- **Bank name:** Banque et Caisse d'Epargne de l'Etat, Luxembourg
- **Bank address:** Place de Metz, L-2954 Luxembourg

LuxSE reserves the right to reject any payment that has not been made in EUR and/or by any means of payment other than bank transfer.

The exchange rates applied for the calculation of the fees, when applicable, will be provided by LuxSE, upon request.

In no case shall LuxSE reimburse in whole or in part for any fee prepaid or paid in advance.

8.2 Administrative charges

Where an application for admission does not result in a successful listing, the administrative fees that correspond to the relevant approval and/or listing fees are due.

No administrative fees will be charged for tranches issued under programmes.
